

# Save BC Restaurants

---

British Columbia is home to over 15,000 restaurants and foodservice vendors. Those businesses employ over 185,000 workers across the province.

Restaurants are at the heart of every community in this province. Their \$18 billion in annual sales play a key role in supporting BC workers, families, and vital industries such as agriculture, transportation, and tourism.

---

Long-term impacts from the COVID-19 pandemic and out-of-control cost increases have meant that it is 'unhappy hour' for BC restaurants, leaving many businesses, and those relying on them, struggling to make ends meet.

We don't want this to be the last call for BC restaurants.

With sensible policy change, government can play a key role in turning the tables. BCRFA and Restaurants Canada have prepared a menu to outline the issues facing restaurants today and the steps that can be taken to address them.
